

GENEDGE ALLIANCE presents:

# Lean Six Sigma Overview

Learn how to optimize your processes by applying the speed of Lean along with the quality of Six Sigma

### What are the benefits?

This is a full day seminar using a "hands-on" Lean Six Sigma (LSS) simulation and other exercises. You will learn how LSS achieves positive impact through process improvement. The "hands-on" simulation enables you to learn by applying Lean Six Sigma techniques on a typical business process.

**Lean** techniques focus on speed by eliminating waste or non-value added activities in a system of processes. **Six Sigma** focuses on quality through the minimization of process variation. **Lean Six Sigma** takes your organization to the next level of improvement, focusing on both speed and quality. Through the application of Lean Six Sigma techniques, you can achieve accelerated results in support of your strategic goals.

You will...

- Gain a hands-on understanding of the Lean Six Sigma methodology through interactive exercises, group discussions, and hands-on simulation.
- See how Lean Six Sigma will support your strategic objectives by increasing customer satisfaction, reducing cost and improving quality.
- Learn how to deploy a successful Lean Six Sigma initiative within your company, utilizing the Define-Measure-Analyze-Improve-Control (DMAIC) approach.

### Who should attend?

Presidents, VPs, CEOs, COOs, CFOs, and their direct reports, as well as plant managers and supervisors, quality managers, business owners and leaders responsible for creating and implementing strategic plans.

WORKSHOP DETAILS

**When:** February 9, 2012 • 8:30 a.m. – 5:00 p.m.  
(Continental breakfast 8 - 8:30 a.m.)

**Where:** Hilton Garden Inn  
4050 Cox Road, Glen Allen, VA 23060

**Cost:** **\$199 per person.** Registrations are typically limited to three (3) per company; however, if your company requires more seating, please contact Wendy Harrell. Fee includes continental breakfast, lunch, participant materials, and a certificate of achievement.

**To register securely online visit:** <http://www.genedge.org/seminars-workshops.php>

Registration deadline is **February 2, 2012** - For a refund, cancellations must be received by this date.

**For more information call Wendy Harrell (804) 323-2226 x221 or email: [wharrell@genedge.org](mailto:wharrell@genedge.org)**
